List of publications (Shahid Hussain)

- Azad, M., Chikalov, I. Hussain, S., and Moshkov, M. Multi-pruning of decision trees for knowledge representation and classification (Submitted to Advances in Data Analysis and Classification)
- Chikalov, I. Hussain, S., and Moshkov, M. Bi-criteria optimization of decision trees for data analysis (Submitted to Information Science)
- Chikalov, I. Hussain, S., and Moshkov, M. Totally optimal decision trees for Boolean functions (Submitted to Discrete Applied Mathematics)
- Chikalov, I., Hussain, S., and Moshkov, M. Relationships between average depth and number of misclassifications. Fundamenta Informaticae, 129 (1-2) (2014), pp. 15–26.1

Chikalov, I., Hussain, S., Moshkov, M., and Odat, E. Sequential optimization of global sequence alignment relative to different cost functions. In Proceedings of ACM International Conference on Convergence and Hybrid Information Technology (ICHIT) (South Korea, 2010).
